

Tiago Luvizoto Neves.

Full Stack Developer — PHP, Laravel & WordPress

WhatsApp +55 17 99123-2211 · contato@tlndesign.com.br · LinkedIn /in/tiagoluvizotoneves · GitHub /tiagoluvizotoneves · tlndesign.com.br

PROFILE

Bachelor of Computer Science from UNIRP (2004). Full Stack developer for 20+ years, specialized in PHP, Laravel, and WordPress. A generalist profile with backend depth: from backend to user experience, I turn ideas into real products — for people who need results, not jargon.

Working style oriented toward real outcomes for the client: clear delivery, direct communication, and solutions that hold up in day-to-day business.

EDUCATION

B.Sc. in Computer Science — UNIRP, 2004
